Re: Notice of File Closure for Small Mining Activities, Rainbow Project, S/003/013, Box Elder County, Utah

Dear Mr. Glover:

This letter is to notify you that the small mining notice #S/003/013 for the Rainbow small mining project, located in Box Elder County, Utah, will be closed and the file retired.

During an inspection made in the summer of 1998, there was still a hole that needed to be filled in before this project could be released. In a January 4, 1999 telephone conversation with the BLM we were informed that the surface reclamation had been satisfactorily completed and the BLM was going to close out their case file for this project. Because this project is located on BLM managed lands, we will accept the BLM's recommendation and also close our file accordingly. You are hereby released from any further mining or reclamation responsibility at this site.

You will not have to pay the \$100.00 permit fee that was sent to you. However, please complete and return the 1998 annual report form stating that you filled in the hole and completed the reclamation work in 1998. If you wish to restart any mining in this area, you will have to submit a new notice to the appropriate agency and receive written approval prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

Lynn Kunzler
Senior Reclamation Specialist
